

5 Candles

Don't curse the darkness, light a candle.

- Who -** For youth worldwide
- What -** An international event to fight against the darkness of bullying, self-injury, and low self-esteem in our youth.
- When -** December 5th, 2012, 8-10 PM Eastern
- Where -** Mainly online (virtually). Youth can also host a physical 5 Candle Gathering with parents/guardians permission.
- Why -** We are daily reminded of the darkness overtaking our youth through bullying, self-injury, and low self-esteem. Rather than curse the darkness we have decided to light candles of hope.
- How -** Every youth can invite at least 4 other friends to be lights in their world and agents of change to start a revolution against the darkness. The 5 Candle event will provide free follow-up tools and resources (digitally) which will equip and empower the youth to start a revolution against the darkness. Our youth need their voices to be heard.

This event is sponsored by [YourSecretName](#) and [YouthMax](#). Find out more information at <http://5candles.eventbrite.com> The online event will include a free prayer/support hotline for those youth in pain.
